CHANGE

DIFFERENT LIVING

Romani Group,
An Italian Excellence

Founded in Italy in 1989, Romani Group has a clear vision: to be the premium, trusted partner for those seeking comprehensive and reliable services. Authentic passion, established experience, and the renowned Italian aesthetic guide our three operating divisions:

- **Relocation**: Corporate and private facility management and logistics.
- **Change**: Tailored, innovative Italian interior design solutions.
- **Elysium**: Turnkey construction services operating as a general contractor.

RELOCATION
SMARTSUPPORT

With highly qualified teams and dedicated infrastructure, Romani Relocation provides facility management, logistics, third-party warehousing, removals, set-ups, assembly services and solar panel cleaning. Every day, we support companies across a range of industries as well as private clients, coordinating each stage of the logistics process to deliver efficient services and tailored solutions.

CHANGE
DIFFERENT LIVING

Romani Change is an authentic Italian interior design studio managing every stage of your project, from the bare shell to flawless turnkey completion. We craft bespoke solutions, transforming spaces into highly personalized environments. Through a rigorous selection of premium furnishings, iconic design objects, and architectural lighting, we bring the unmistakable Made in Italy lifestyle to every project.

ELYSIUM
REAL ESTATE

Romani Elysium operates as a general contractor in construction, renovation and real estate. With an integrated approach, it delivers construction, redevelopment and property enhancement projects, providing a comprehensive service and a single point of contact at every stage.

Bespoke Design Services

Tailor-Made Elegance

Change is the Romani Group division dedicated to exceptional design. Starting from each client's unique vision, we develop custom-made projects featuring exclusive design objects, premium furnishings, and refined lighting. Every detail is masterfully curated to express the client's personality through the lens of Italian elegance.

Comprehensive interior design
Seamlessly Managed

From space planning and permits to strict project supervision, Romani Change coordinates every stage with extreme care and precision. Design, engineering, and finishes are orchestrated through a clear plan that seamlessly aligns timelines, budget, and the final aesthetic result.

The Finest Materials and Surfaces

True luxury goes beyond aesthetics. We select top-tier materials and finishes for their visual impact, durability, and expression of craftsmanship. Supply and meticulous installation are managed according to verifiable, high-end standards—including samples, technical specifications, and on-site quality control—guaranteeing a flawless execution that exceeds expectations.

The Showroom Experience:
Touch the Italian Quality

This is where the project takes shape: textures, colors, and surfaces can be explored in our extensive materials library. Guided by a dedicated project manager, your tastes are translated into coherent design choices. Our custom mood boards and premium samples allow you to make decisions with absolute confidence, ensuring perfect harmony across every room.

Our showrooms
Spaces full of creativity and design

Our showroom combines dedicated design workspaces with welcoming display areas that inspire you to furnish your spaces with style and originality. The materials library brings together a wide range of materials from our partner brands. It supports designers during the creative phase of a project and allows clients to see and touch materials and finishes first-hand. Mood boards featuring porcelain stoneware, fabrics, wallpaper, wood and much more help bring possible combinations to life.

We designed these spaces to capture the profound emotion of authentic Italian design.
It is an inspiring environment that places the client at the absolute center, creating the ideal conditions for developing high-profile, distinctive projects.
